90% A*-B

26% take STEM related degrees

78% head to Russell Group+ Universities

“

I consider myself extremely fortunate when I say that I am about to go off and study the subject I love for three whole years. As proud as I am of all my hard work, my dedication is only a response to my passionate and inspiring teachers at NHEHS. I will forever be grateful to my English teachers who taught me to adore English and whose lessons I will perpetually reminisce.

**Genevieve - Newcastle University - English Literature

”

Even through the uncertainties we faced during the pandemic, I have had my wonderful teachers and friends who have supported me through it. Ultimately, I have secured a place at an amazing university due to the work I have put in over the last two years. I will take the friends, some of whom I have made for life, and the knowledge I have gained from NHEHS to help me in the new adventure that awaits!

**Grace - King's College - Chemistry
